

January 28, 1918.

Shumagin Packing Co.,
South Bellingham,
Washington.

Gentlemen:

Referring to your report of fishery operations at Squaw Harbor, Alaska, in 1917, it is noted that no mention is made of the boats and other craft that were used in connection with your salt-ery. Please furnish the Bureau with a statement showing the registered boats that were used, giving the rig, name, net tonnage, and value of each separately and all other boats with values, as called for under the same schedule. Chartered boats are to be reported as if owned by the company.

Your prompt attention to this matter will be appreciated.

Very truly yours,

H. F. MOORE.
Acting Commissioner.
